## Our Mission

Mass Consult has been providing architectural and engineering services since its founding in 1991. Our mission is to guarantee our clients satisfaction by providing innovative designs, controlled supervision and management. We conduct feasibility studies and cost evaluation procedures in all our projects to achieve profitable investments for our clients. We assure you of our best services.

## Founder

Engineer Farouk Mukhalalati has served as Mass Consult's general manager and owner since 1991. He is the founder of Mass Consult. Mr. Mukhalalati has worked in this field since 1980 in the UAE having graduated from the UK in 1979 holding a Bachelor of Science degree in Civil Engineering.

## Facts

Mass Consult serves all clients in a professional and organised manner to achieve the best quality controlled projects. We do this by selecting highly experienced engineers and architects who have extended proficiency in graphic desgining, architectural and engineering softwares.

Engineer Farouk Mukhalalati has been awarded by the International Who's Who for Professionals for the year 1999 for his professional, academic and civic achievement.

Mass Consult has been awarded for "Best Performance" from the Council of International Awards Ltd. UK. for the years 2001-2002.

Mass Consult has been awarded a certificate for participation in the Middle East Pool Exhibition which took place in April 2004.

## Multidimensional Services

Mass Consult provides extensive services which include

- Architectural
- Interior design
- Financial analysis
- Feasibility studies
- Electromechanical
- Cost estimation
- Project management
- Construction supervision
- Renovations & restorations
- Quality assurance & control

The sphere of activities of Mass Consult includes
